Section I : Introduction

For Your Information:

Chronos e-StockCard Standalone Version can be switched to Network Version. Click the  icon to open up the change Database Settings box to do changes. Please refer Step-by-Step to Setup Network Version document for more information.

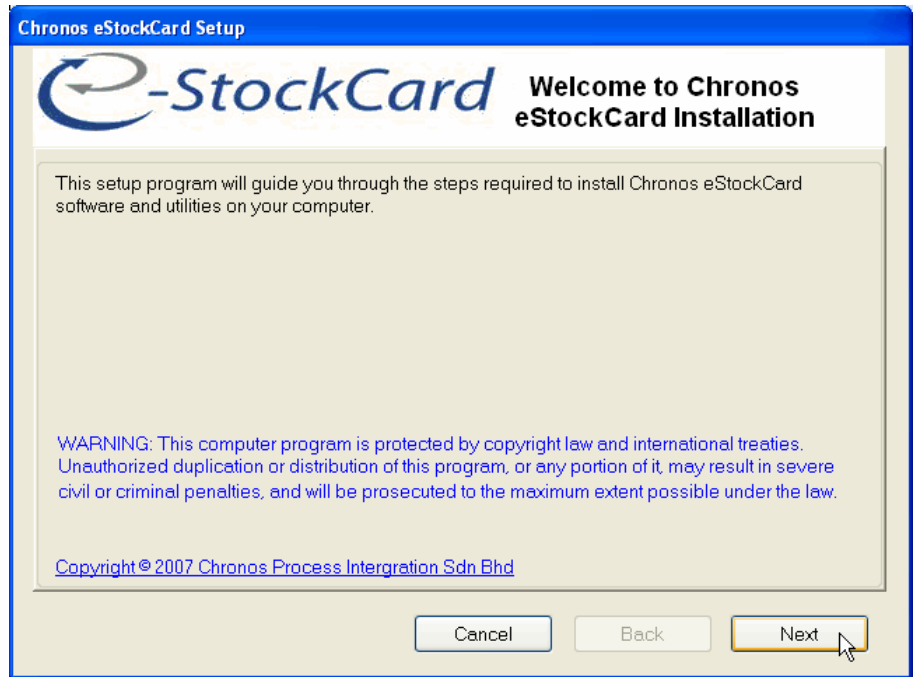

Section II : Typical Installation (Recommended)

1. Run the Chronos e-StockCard setup program from:-

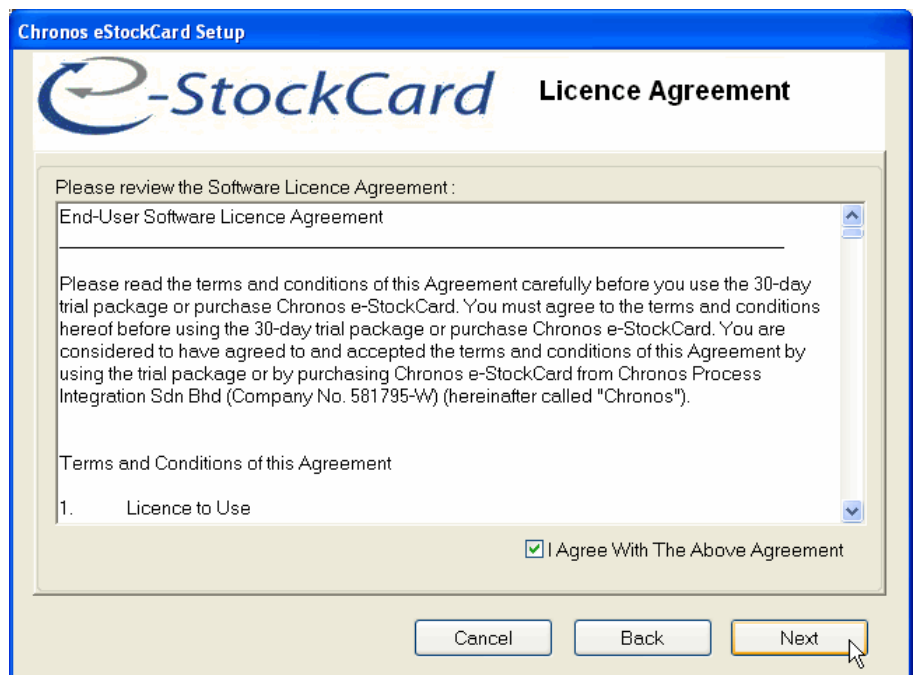

- i. Chronos e-StockCard Setup CD (Auto Run).
- ii. "Chronos e-StockCard vX.X.X" folder, double click on the "Install_eStockCard.exe".

The setup program will guide you through the steps required to install Chronos e-StockCard client and server components.

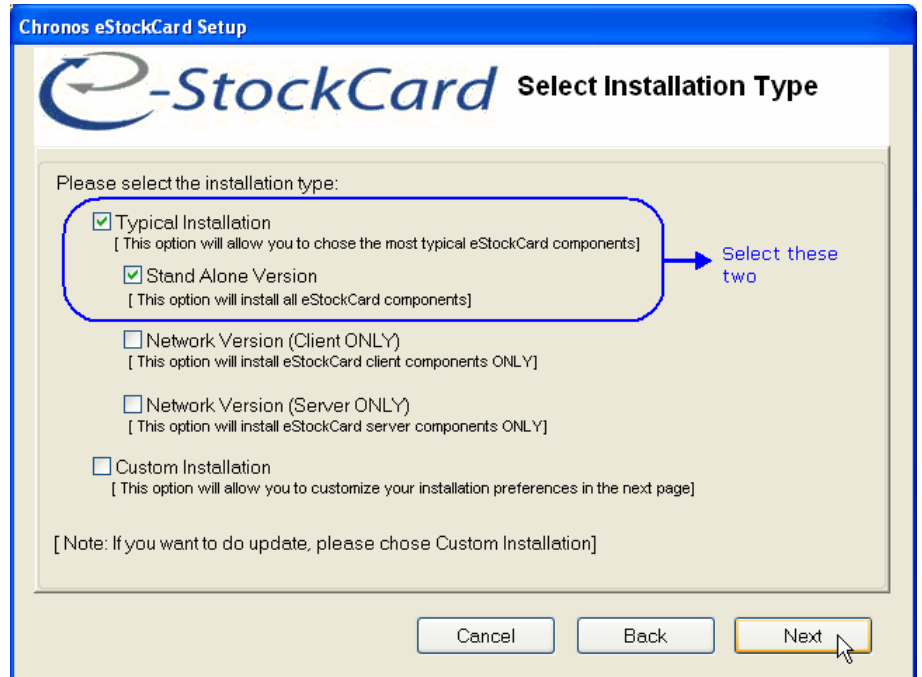

2. You will see the "Welcome to Chronos eStockCard Installation" screen. Click **Next** to continue.

3. **Tick** the "Agree With The Above Agreement" checkbox and click **Next** to continue.

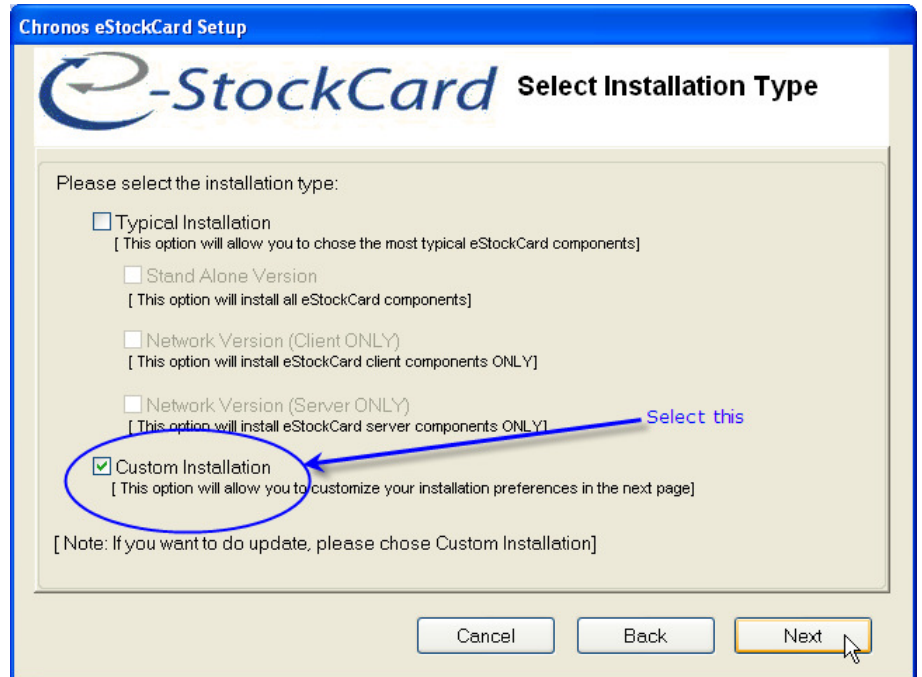

4. At "Select Installation Type" screen, select **"Typical Installation"** and **"Stand Alone Version"**. Click **Next** to continue with other steps until **"Installation Completed"** screen shows up.

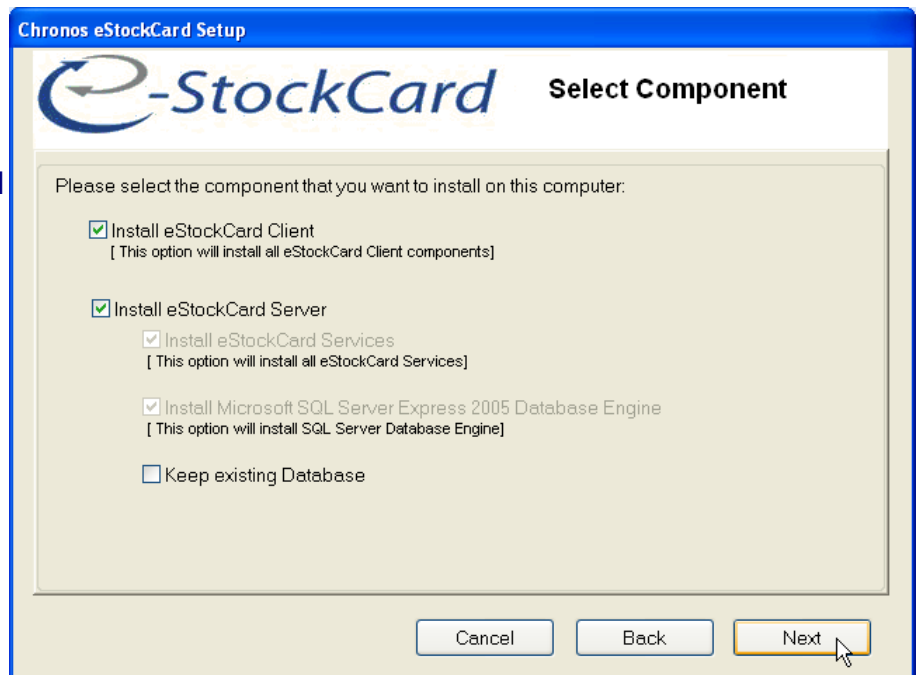

Section III : Custom Installation

1. The differences for Typical Installation and Custom Installation are the things to be selected at "Select Installation Type" and "Select Component" screen.

2. At "Select Installation Type" screen, select "**Custom Installation**". Click **Next** to continue.

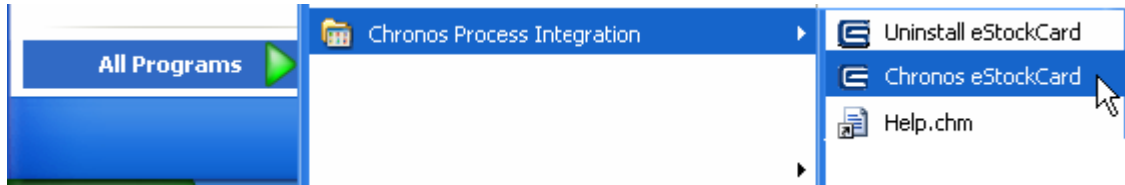

3. At "Select Component" screen, select both "**Install e-StockCard Client**" and "**Install e-StockCard Server**". Click **Next** to continue with other steps until "**Installation Completed**" screen shows up.

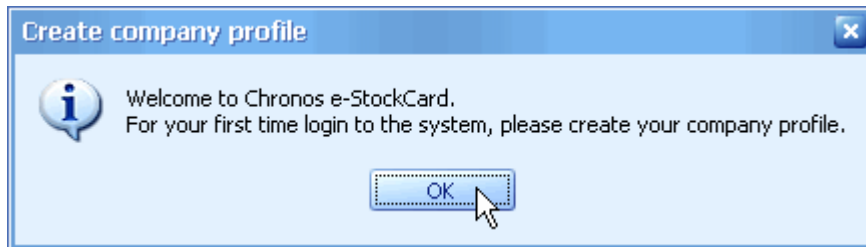

Section IV : Create Company Profile & User

1. Go to Windows Start/All Programs/Chronos Process Integration/Chronos eStockCard to start the application.

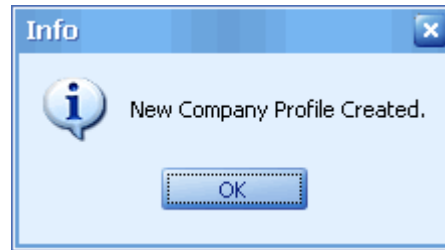

2. For first time login, you are required to create Company Profile before you can proceed to login screen. Click **OK** to proceed.

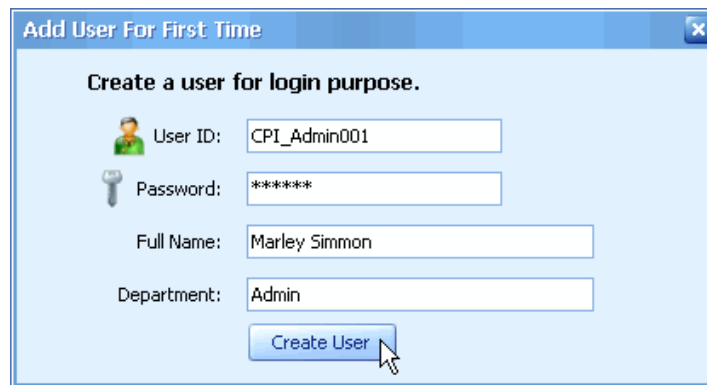

3. Key in the Company Code, it can be alphanumeric but limit to 20 characters only. Then key in your Company Name and other necessary information. Click **Save** to create the Company Profile.

A screenshot of the 'New Company Profile' application window. The window has a 'Main Info' tab selected. The form is divided into several sections: 'Company Main Information' with fields for Company Code (CPI001), Company Name (Chronos Process Integration Pte Ltd), and WEB URL; 'Address' with four Street Address fields, City (Dallas), State (Texas), PostCode (75000), and Country (United States); 'Person-in-charge' with fields for Contact Person (Marley), Position, and Email (marley@cpi.com); 'Phone No' with fields for Phone No (214 - 90563008) and Fax No (214 - 90565515); and a 'Logo' section with a placeholder for an image. At the bottom right, there are 'Save' and 'Close' buttons.

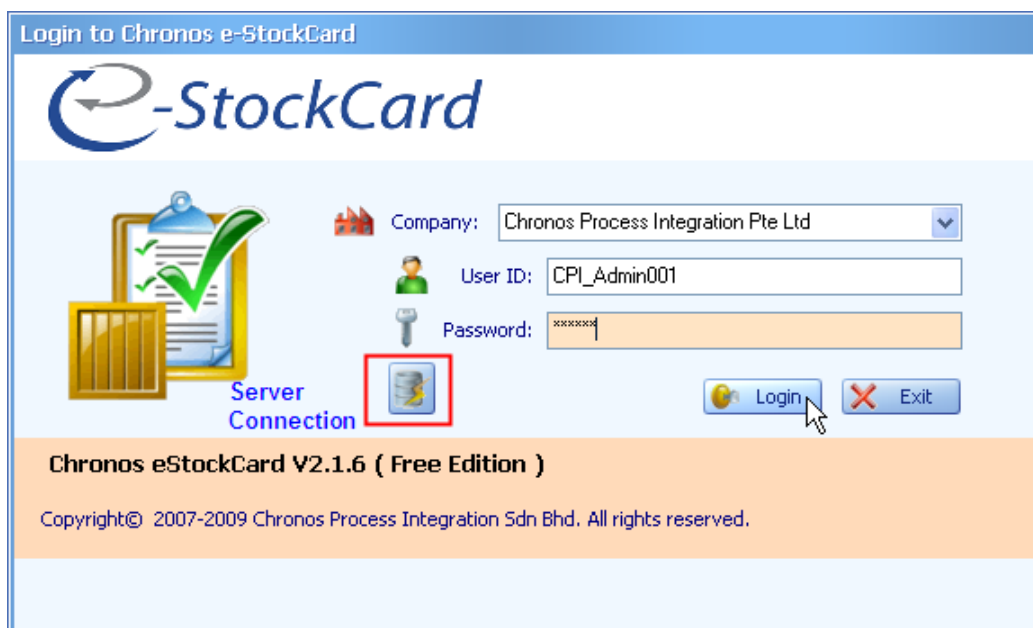

4. New company profile is created. Click **OK** to proceed.

5. Now create new user. Fill up all the compulsory fields here and click **Create User** button.

6. After that you will come to the login screen and you can see the Company that you have created. Chronos e-StockCard Standalone Version is connected to the Local Server on your PC and the Database Settings are predefined by the system so you don't have to do the setup.

7. Click **Login** button to login to Chronos e-StockCard system.

Section V : Request Activation Code

1. If you have purchased the Standard Edition, you can click the **Server Connection** button to proceed with software activation **OR** you can login to e-StockCard and go to **Information > Software Activate**.
2. In this example, we will request it at the login screen. First, click the **Server Connection** button and a message box will prompt out. Click **Upgrade Now** button to continue.

3. Then click the **Activate** button to continue.

4. There are two options for you to request the Activation Code. For those with internet access, we would recommend you to request by Email. After select **Email**, please click **Next** button to continue.

6. When you come to this screen, you can see the system generated the **Identification Code**. Please click the **Email** button, it will call your default mail client and the Registration and Identification Info will be automatically filled up in the Message. Finally, click the **Send** email button to send this Request of Activation Code email to us.

The screenshot shows the 'Registration and Activation' window with the 'Activation -By Email' section. On the left, a progress bar shows 'Installation', 'License Agreement', 'Registration', and 'Activation' with checkmarks. The main area contains a key icon and the title 'Activation -By Email'. Below the title, there is a text instruction: 'To request activation code, please email the registration and identification info below to the Vendor.' A text box contains the identification code '15-BFEBFBFF00000F29-3886906C', which is highlighted with a red box. Below this, there is a label 'Please enter Activation Code:' followed by an empty text input field. At the bottom right, there are four buttons: 'Email', '< Back', 'Next >', and 'Cancel'. The 'Email' button is highlighted with a red box and a mouse cursor is pointing at it.

7. After we receive your email, we will generate the Activation Code and email back to you (within 24 hours). You just copy the code given and paste it at the Activation Code field and click **Next** button. Your Chronos e-StockCard Standard Edition will be activated and you can start using it right away.

The screenshot shows the same 'Registration and Activation' window. The 'Email' button is no longer highlighted. The 'Please enter Activation Code:' text box is now highlighted with a red box, indicating that the user has pasted the activation code. Below the text box, there is a text instruction: 'If you have sent the registration and identification info successfully, you might receive your activation code within 24 hours. Please check your mailbox!'. At the bottom right, the 'Next >' button is highlighted with a red box.
